SPIRITS

WELCOME TO LANSING'S FIRST DISTILLERY. EVER.

Not only are we the first producer of spirits in Lansing, we also pride ourselves on being the first spirits Tasting Room, as well. We strive to offer our quality spirits, with informative and educational service, in a relaxed, pleasing atmosphere. Now that you are here, please enjoy what we have and who you are with. We hope your experience is remarkable.

OUR HAND-CRAFTED COCKTAILS TAKE TIME.

We measure out the appropriate amount of HUE Vodka and painstakingly prepared InHUEsions, pair it with fresh squeezed juices, hand muddled herbs and inventive mixers. Feel free to ask questions about how we do it; we are happy to share recipes and instructions on how we make our drinks. The more you know, the more we feel you will appreciate what we do.

WHERE TO START?

We think the best way to experience the quality of our 100% soft red winter wheat HUE Vodka, is simply on the rocks. If you want to explore a variety of taste sensations, we offer a flight of our InHUEsions.

HUE vodka represents the flavor sensations of the best parts of the vodka spectrum. We use the best soft red winter wheat, sourced locally from Williamston, MI. Our philosophy is better grain makes better vodka. We think it makes Michigan's best vodka. Remember... Don't just drink it because it's better. Drink it because you are.

It's Capital... For a reason. We use a neutral spirit base made from the best locally grown grain. We then flavor it with select exotic botanicals, many grown in the mid-Michigan region, producing a unique, clean style of gin. COMING SOON...

Unaged whiskey is not a thing of the past. It's right here, right now, distilling in its rawest form. How we approach our White Whiskey is to acquire the best ingredients, distill the best product and drink it now. COMING SOON...
