## BARREL-AGED COCKTAILS

How is it possible for us to make our cocktails even more remarkable? We barrel-age them, of course! We choose select cocktail recipes, mix the ingredients together in a 3 liter American oak barrel, then let them sit for weeks. The result is a cocktail with a lush depth of flavor that only time, and oak, can create. Ask your server for our current offerings.  
*(not eligible for Wooden Nickel redemption)*
